## Joint Call 2022 Thematic structure

The CETPartnership Joint Call 2022, to be officially launched in **September 2022**, will be structured into **thematic modules**.

Each Transition Initiative (TRI) has developed **Call modules** based on their strategic topics and content, allowing them to cover the whole spectrum of their specific SRIA challenges.

2022  
Submission  
of proposals

## General issues

- Two-step procedure – submission of a pre-proposal followed by an invitation to submit a full-proposal
- Submission through [CETPartnership Application System](#) online only
  - Choose one Call Module per proposal
  - Project Coordinator Invite Project Partners through the submission system
  - Insert information about participants, budget etc. directly in the system
  - Upload project description in English as pdf
- Additional documents and/or local proposal submission may be requested by some Funding Partners
- Deadline pre-proposal **23 November, 14.00 CET**

Funding

## Joint call - joint funding

- Totally over 140M€
- Approximately 45 national/regional Funding Partners provide funding in the 2022 call
- EC is the single biggest financing organisation
- Funding Partners provide funding for entities based in their country/region. Funding arrangements will be made directly between the project partners and the national/regional Funding Partner to which they have applied.
- Budget allocation from Funding Partners can differ between Call Modules. Applicants must check Funding Partners' participation in Annex C to the call text!

proposals

## Eligibility criteria

- At least three independent legal entities from three different countries participating in the CETPartnership Joint Call 2022, of which at least two must be EU Member States or Horizon Europe Associated Countries.
- The total effort of one partner cannot exceed 60% of the total project efforts.
- The total effort of partners from one country/region cannot exceed 75% of the total project efforts. *Efforts = person months*
- Project consortia must also fulfill the Call module specific requirements.
- Applicants must be eligible for funding according to their Funding Partner's national/regional requirements. Please consult the national/regional requirements (Annex B).

Project  
Proposals

## Main project requirement

### Project consortia

- Consortia may consist of **partners from organisations such as universities, companies, industry organisations, local/regional governments, research organisations and NGOs**. Some Call modules specify additional requirements or restrictions regarding the types of partners to be included
- Project consortia must include **one project Coordinator** who is responsible for coordination of the project. Other consortia members are Partners, whereof there are two categories:
  - **partners eligible for direct funding by the Funding Partners** participating in the CETPartnership Joint Call 2022, or
  - **fully self-financed** partners from any country/region who bring their own secured budget.

Project  
Proposals

## Main project requirement

### Project duration

- Projects are required to start before 15 December 2023.
- The maximum project duration must not exceed 36 months.
- National/regional limits regarding the duration of projects may apply.

### Gender Equality Plan

- Having a GEP at organisational level is an eligibility criterion for funding in the CET Partnership calls following the GEP requirements in Horizon Europe.

### Open access

- Open access as required within Horizon Europe will be assessed as part of the project proposal's methodology under the Excellence Award Criterion.

2022  
Project  
Proposals

## Main project requirement

### Technological Readiness Level (TRL)

- Most projects are expected to aim for solutions meeting medium to high technology readiness levels (TRL 6-8), combining technologies, marked related solutions and stakeholder involvement.
- In selected areas, concepts, and technologies may target a lower TRL level (3-6) on the basis of specific R&I needs as detailed in the related Call Module(s).

### Cross cutting dimensions

- Cross-cutting dimensions, beyond technology and resources, need to be considered to ensure robust transition pathways that are driven by a multidisciplinary perspective.
- The call text offers a framework (*the three-layer research model*) to approach cross-cutting dimensions and multidisciplinary aspects.

## Main project requirement

### Knowledge Community Standard Work Package

- Project proposals must include a work package considering project synergies with, and contributions to the CETPartnership Knowledge Community.

*The CETPartnership Knowledge Community aims to:*

- Develop and present state-of-the-art knowledge and lead discussions in the field of Clean Energy Transition while being a hub and voice for all information related to national/regional CETPartnership RDI players.
- Enable knowledge exchange between all CETPartnership funded projects and with national and international experts to leverage synergies
- Projects must actively utilise the CETPartnership Knowledge Community for increased knowledge-sharing and dissemination of results

Call  
Procedure

## Full proposal – deadline 20 March 2023

- The full proposal may not differ substantially from the pre-proposal.
- Changes must be communicated to the involved project partners and the relevant Funding Partner(s).
- Avoid changes in the consortium composition, except if an ineligible partner can be replaced by a partner from undersubscribed countries/regions (must be approved by the relevant Funding agency)
- Eligibility check according to both general and national/regional requirements
- Evaluation will be done by three experts per proposal and result in one ranking list per Call module
- Expert panel meetings resulting in a ranking list of proposals above cut-off
- Decision of funding is based on ranking list and available budget

Joint Call  
2022  
Evaluation  
Criteria

- **Excellence (Score 0-5)**
- **Impact(Score 0-5)**
- **Quality and efficiency of the implementation (Score 0-5)**

## Excellence

- Clarity and pertinence of **the project's objectives** and the extent to which the proposed work has an appropriate level of ambition for its TRL level, and goes beyond the state-of-the-art.
- Soundness of the proposed **methodology**, including the underlying concepts, models, assumptions, interdisciplinary approaches, appropriate consideration of the **gender dimension** in research and innovation content, and the quality of **open science practices** including sharing and management of research and innovation outputs and engagement of citizens, civil society and end users where appropriate.
